

The CSC is organizing the **2017 Public Sector HR Symposium** with the theme, “**Shaping Change.**” The event will be held on **July 4-6, 2017** in Pasay City.

This year’s HR Symposium highlights concepts, perspectives and insights in managing change brought about by new directions and management approaches. It also showcases practices and experiences of progressive organizations in introducing, coping and shaping change. Furthermore, it emphasizes the need to shape changes in various levels.

The ASEAN Community is an example of a changing organization. As it celebrates its 50th year, it is undergoing significant changes particularly with respect to the integration of its member states. The Philippines, as the current ASEAN Chair, has chosen the theme, “Partnering for Change, Engaging the World” to represent ASEAN’s advocacy to bring positive change in the region and its neighbors.

May we invite you, your leaders and Human Resource Management Officers (HRMOs) to join executives and practitioners from both the public and private sectors whose functions are directly related to human resource management and development.

Participants are requested to register on-line at csc.gov.ph/hr on or before **June 1, 2017**. Registration fee is Nine Thousand Six Hundred Pesos (P9,600.00) per participant inclusive of training kits, snacks, and lunch during the Symposium, and Certificate of Participation for sixteen (16) hours of leadership and managerial training.
